Zhuhai Anyu Digital and Technology Co., Ltd.

• COMPANY PROFILE

Registered in 2002, Anyu Digital Technology is a high-tech enterprise mainly engaged in R&D and sales of LCD TVs and monitors. Located in Zhuhai Gaolan harbor special economic zone, it is the LCD producer with the largest scale in Zhuhai. For quality and service assurance, the factory possesses world-class multi-level automatic production lines. With a long history of cooperating with companies worldwide, Anyu has set up several international R&D centers to ensure its technology and R&D capability are standardized.

With powerful R&D and annual production capability, Anyu actively seeks to expand its business to overseas market, allowing its LCD products to be recognized across Asia, America and Europe. With continuous effort over the years, Anyu has been granted many prizes by various departments in China such as “import and export credibility enterprise”, “advanced technology enterprise”. Meanwhile, its LCD TVs are rated “famous exporting brand in Guangdong Province” and accredited “high quality and safe products in China market” by Chinese Commerce Association.

In 2003, Anyu received the certification of ISO9001 quality control system, 3C certification and several hundred of its products have gained international certifications like CE, CB, UL and so forth, helping enhancing its competitive advantages in the world market

• BUSINESS INTEREST

1. To discover more advanced technology.
2. To learn on development trend of industry ecology.
3. Looking for R&D cooperation on the core technology in LCD industry.
4. Sourcing for suppliers with high quality products.
5. Seeking export business of LCD products.
